Application

For first application

- Vacuum and wipe the floor with a damp mop.
- Wash the mop out and wring until damp.
- Apply 10 ml/ m² of the care product and spread evenly section-by-section using a mop.
- Let the damp care film dry completely (about 20 - 30 min) and then polish the floor.

Application on protected floors

- Vacuum the floor.
- Add 30 ml / L to the water, damp wipe the floor, allow to dry, and polish if necessary.

Instructions for use

- Let treated floors dry for 24 hours.
- Do not use water.
- Do not move furniture or walk on in shoes.
- Store away from frost.
