EC Directive 89/686/EEC

EC Type-examination

Issue 1

PPE Product

Dupont® (logo) Tyvek® Classic Xpert model CHF5 hooded coverall, manufactured from a white nonwoven fabric, with the external seams sewn, a front zip closure with storm flap and elasticated at the hood, cuffs, ankles & waist. This coverall is available in six nominal sizes.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements in the relevant harmonized standards:

EN 1073-2:2002 (Non-ventilated protective clothing against particulate radioactive contamination) with a performance classification of TIL Class 2.

EN ISO 13982-1:2004 + A1:2010 (Type 5: Limited life, full body protection against airborne solid particulates);

EN 13034:2005 + A1:2009 (Type 6: Limited life, full body chemical protective clothing offering limited protection against liquid chemicals);

EN 1149-5:2008 (Protective clothing - Electrostatic properties) for electrostatic dissipative protective clothing on both surfaces.

The manufacturer's information notice (Tyvek Classic Xpert October 2011/24/V1), in English, has been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file reference: Tyvek® Classic Xpert CHF5, September 2011.
